This is a full-page image of a blank sheet of graph paper. The page features a uniform grid of small squares. A thick vertical line runs down the left side, creating a margin. The top edge has a header row with numbers 1 through 20. The right edge has a column with letters A through T. The rest of the page is filled with the grid pattern.

A blank sheet of graph paper featuring a uniform grid of small squares. The grid consists of 20 columns and 15 rows. A thicker vertical line runs down the left side, creating a margin. A thicker horizontal line runs across the middle, dividing the grid into two equal halves. The entire sheet is white with black grid lines.

Other District/Division Topics:**NV920 Minerals Division****Oil and Gas:**

- December 2017 Lease Sale is on schedule. A Status call was scheduled for August 1, 2017 to discuss the EA and parcels within hydro basin areas of concerns. The draft EA was posted

online on August 18, 2017. The comment period ends on September 18, 2017. Meeting was held on September 25 to discuss comments received on the draft EA. The Sale Notice was posted on October 13, 2017 for a 30-day protest period. **On November 13, 2017, NVSO received three protests from Wild Earth Guardians, Center for Biological Diversity, The Wilderness Society and National Parks Conservation Association. Responses are currently being reviewed and drafted.**

- A Preliminary Parcel List for 39 parcels comprised of 69,111 acres of land was sent out the Elko DO for NEPA analysis. An additional list of parcels was prepared for the USFS. USFS responded on September 11, 2017 stating they are unable to meet the timeframe for NEPA, but the project has been added to their work plan and should be completed by spring of 2018. On September 18, 2017, The Preliminary Lease Sale Summary on GRSG was sent to Washington. A coordination call with Carson City was scheduled for next week on the September 21st. The draft NEPA for Elko due to the state office by October 10, 2017. An updated coordination call with Carson City was completed on October 11, 2017. Carson City has their DNA out for a 15-day comment period and Elko's EA is out for their 30-day comment period, which ended on November 16, 2017. **As of 10 am on November 16, 2017, Elko had received several comments which the commenter just needs clarification on the process.**
- September 15, 2017 was the last day to submit EOIs/PreSale Offers for the June 12, 2018 Battle Mountain District. Acreage that has been listed on NFLSS, approximately, 499,980.15 acres, with a total of 1,436.807.67 acres nominated. The preliminary list and memo was sent to the DO on October 20, 2017 for 166 parcels containing 314,237.67 acres. A meeting was held November 6 to discuss the upcoming sale. An additional list of parcels was sent to the USFS on October 24, 2017, requesting concurrence for six parcels containing 5,686.64 acres. **The next meeting will be first week in December.**
- **Class II Reinstatement for lease NVN82639:**
The EA has been developed and finalized by the Ely. FONSI and DR signed on October 23, 2017. A decision notifying the lessee of new stipulations was mailed. If the lessee accepts these changes, the lease will be reinstated. Decision came back as unclaimed and will be forwarded to another address.
- White Wolf Land Services:
 - Appellant filed an Application for Referral to Administrative Law Judge for Hearing. A motion opposing the request for a hearing has been drafted and will be filed in a next two weeks.
 - Appellant inquired if the lands pending this appeal have been re-nominated. NV922 advised that the lands have been withheld pending a final decision from IBLA.
- **FOIA**
 - WildEarth Guardians – regarding leaks on wells in the State of Nevada
 - WildEarth Guardians and Western Watersheds Project– regarding records related to the BLM's proposed June 14, 2017 competitive oil and gas lease
 - All documents have been released

- WildEarth Guardians – costs associated with oil and gas leasing and EnergyNet contract
 - **This is now a WO FOIA as WEG has FOIA all offices on this issue**
- WildEarth Guardians – regarding amount of money and staff time spent on oil and gas activities from 2010 to present
 - FOIA was completed on September 29, 2017
- Center for Biological Diversity – documents pertaining to the draft EA for Ely for the December 2017 sale
 - SO is reviewing documents to determine if any are predecisional
- **NSO received a request from Wild Earth Guardians on November 13 regarding any and all documents pertaining to the December 12, 2017 ELY Oil and Gas lease sale**
 - **Documents are currently being compiled**
- **NSO received a request for all documents regarding Imlay**
 - **Kurt Miers is handling the combining the documents for SO and David Kampworth for the DO**
- **As of November 30, 2017, NSO has received a total of 6 FOIAs this fiscal year and a total of 23 last fiscal year for Fluids Minerals**
- **Litigation**
 - CBD et al v. BLM ; 3:17-cv-00553-LRH-WGC – CBD is challenging BLM’s decision to lease sensitive lands in Nevada for oil and gas development without doing a full environmental analysis.
 - Conference Call was held on September 19, 2017 with SOL office and SO and BMDO.
 - Draft answer is due on October 14 and final answer on November 14
 - Draft answer was submitted to SOL on October 6.
 - Administrative record is completed and being reviewed by the SOL
 - Erica N. will be POC in SOL Office and wants to focus on the following FOIA responses:
 - CBD (2/6/2017)
 - WEG requests (5/15/17 and 5/3/2017)
 - Received revised draft answer from DOJ/SOL on November 15. Final answer to due to the courts on November 20.
 - **BLM submitted answer to the courts on November 20 and CBD had filed an amended complaint minutes later adding the September Lease Sale to the litigation.**
 - **Revised answer is currently being reviewed by SOL/DOJ**
- **IBLA**
 - **A Request for Extension of Time (30 days) was filed on IBLA 2017-0233. BLM Answer is due no later than September 8, 2017. IBLA filed a Motion to Dismiss and Answer on August 30, 2017.**

- Received a Notice of Appeal (IBLA 2017-0233) on a BLM decision to reject Class II Reinstatement. The appellant requests a full refund including a return of non-refundable administrative fees. The company is also upset that it took BLM almost 4 years to complete NEPA and to tell them that the parcel would be PHMA, which has NSO stipulation. With this stipulation, the company cannot develop the parcel for oil and gas development.
- **White Pine County assessing Ad Valorem Tax on Oil and Gas Leases**
 - Fluid Minerals Adjudication Team has received a number of calls from lessees with active oil and gas leases located in White Pine County. The County is telling the lessees that the Federal Oil and Gas Leases are personal property and can be taxed based on Nevada Statute.
 - Federal Leases are contractual agreement between the lessee and the US Government. In addition, NRS 361.050 states that United States property is exempted from Nevada Statute.
 - The county feels that it is not receiving its fair share of use of the Federal Lands located in White Pine County. In FY17, White Pine County received \$1,250,115.00 in PILT payments.
 - When a Federal Oil and Gas Lease is issued, the US Treasury sends 50% (rentals paid along with a one-time bonus payment if the lease was issued competitively) of the proceeds to the State of Nevada of the which a portion goes to the county that the lease is located. Additional rentals are paid yearly for up to ten years and royalty payments are submitted if production is in paying qualities. If the lease is issued noncompetitively, only 50% of rentals are paid. The State and County will get a portion of the royalty if the lease is produced.
 - The County can tax oil if it is produced on the lease but not the lease itself.
 - Currently White Pine County is receiving funds from PILT, leases (ad valorem), and production on the producing leases.
 - **Regional Solicitor's Office is looking at the issue. Technically, US is not being taxed. It will be up to the State, County and lessee's to work out a solution. Action by the county appears to be within the scope of the NRS. NDOM has referred to the Dept. of Taxation to look at.**

Geothermal:

- **AB52 NDOM draft implementing regulations are available for public review and final NAC regulations expected Jan 2018.**
- Ormat signed 26 year \$2.6 billion Power Purchase Agreement with LADWP to sell 150 MW of geothermal power generated in Northern Nevada.
- WO 310 is working on implementing NFLSS leasing system to include geothermal component for FY18.

GRASS 2 Development

- GRASS 2 team will continue to meet in Reno and Denver for the next several months.

- GRASS 2 Deployment by May 2018

Geothermal Lease October Sale

- **October 24, 2017, NVSO held their first online geothermal lease sale, offering 20 parcels 38,000 acres and selling 10 comprised of 19,000 acres of land, generating \$78,444.00 in total revenue. High bid was \$2.00 per acre. Leases sold in the auction have been issued effective November 1, 2017.**
- Continuing to work w/ USFS to get leasing concurrence for Spring 2018 sale of Forest Service leases.

Geothermal Development

- **Dixie Meadows Utilization EA**
 - CCDO is working with Ormat and NDOW to address concerns regarding spring water quantity, quality, and temperatures and potential impact to the Dixie Valley Toad.
 - **CCDO has received all available monitoring data from Ormat & Navy/TerraGen for springs and riparian area.**
 - **CCDO hydrologist & bio working with EA contractor Ormat has hired a consulting hydrologist to develop comprehensive and adaptive management based aquatic monitoring & mitigation program using best available data, and adaptable to new data as ongoing monitoring data becomes available.**
- **Dixie Comstock** TGWs completed drilling, (geothermal exploration area north and east of Dixie Meadows) GDPs not submitted at this time, pending review of data.
- **New York Canyon** – geothermal project has a previously approved utilization plan and NEPA.
 - Ormat has submitted a Utilization Plan modification and transmission line ROW application to WDO for review, proposed ROW follows Coal Canyon Road to Oreana substation.
 - **Ormat contractors currently collecting baseline data.**
- **Ormat McGinness Hills Phase 3** - utilization plan amendment for 3rd power plant submitted. BMD working w/ NDOW, USFWS, Ormat & other stakeholders to produce EA for 3rd power plant.
 - McGinness Hills Project Area is located in Sage-Grouse PHMA on leases, which pre-date the Sage-Grouse Amendment and constitute a valid existing right. Proposed power plant and wells would be located within and immediately adjacent to the existing McGinness Hills power plants and well fields. The current utilization plan for McGinness Hills 1 & 2 approved 200 acres of disturbance (currently 125 acres disturbed) and included a conservation and mitigation plan, with compensatory mitigation and audio and lek monitoring components.
 - **4 GDPs for drilling additional production wells from existing well pads approved 9/8, Well 28C-10 drilling completed, prepping to drill 36B(37)-10.**
 - **Draft EA is available on ePlanning for 30-day public comment period ending 12/15/2017.**

- **San Emidio Phase 2** – Phase 2 Development/Utilization Plan and Transmission ROW submitted to WDO on 10/11, add'l data incl. GIS submitted 10/18, currently under review at WDO, prepping for NEPA.
 - **ROW amendment for additional powerline submitted to WDO on 11/14.**
- **Tuscarora Phase 2** – Ormat submitted utilization plan & GDPs to Elko District for review, Existing Phase 1 is entirely on private, except for the Transmission line on BLM. The proposed Phase 2 facility and injection wells would be on private, 3 production wells on public lands, in Sage-grouse PHMA on valid preexisting leases.
 - Existing NEPA: Joint BLM-DOE EA 2012 covering Tuscarora Phase 1 on private lands and Transmission ROW on BLM, and DOE Supplemental EA 2014 covering all private land Phase 2.
 - **Elko BLM and Stantec (Ormat contractor) collecting Sage-grouse reports and other baseline data for supplemental EA for proposed production wells on BLM land & connected actions, incorporating existing NEPA.**
- **North Valley Utilization Plan** – submitted to WDO for review includes 2 access route options, and proposed transmission line parallel to existing 750kV line. Ormat contractor is currently preparing baseline data and draft EA.
- **Carson Lake Project (Project EIS approved 2013) GDP 84A-31 currently drilling, project area is south of Fallon NAS, in the proposed Fallon FORGE project area on existing Ormat BLM leases. GDP for 1st Fallon FORGE project well 21-31 resubmitted to CCDO on 10/25, within boundary of existing Carson Lake EIS.**
- **Alum Project exploration drilling – GDPs submitted by Ormat to Tonopah FO, NOI approved under the existing Exploration EA for Alum Project Area. Additional leases in project sold at auction and issued effective 11/1/17.**

AML-HAZMAT:

- **Anaconda**
 Greg Lavato (NDEP) and Marci Todd (BLM) signed a new MOU between BLM and the State on October 24, 2017. This MOU helps define the roles and responsibilities under a deferral scenario. NDEP submitted their request to defer the Site from NPL listing on July 31st. EPA responded back to NDEP with a number of issues that need to be resolved before they will defer the Site from listing. EPA is expected to make that final listing decision before November 2017, in order to begin the remedial design for OU-8. The 3 agencies consulted with YPT on September 27th and held a working group meeting with the 2 tribes and 4 agencies on September 28th to resolve any remaining issues regarding their MOUs and deferral agreement. The tribes remain reluctant to sign the MOUs and to support the deferral. EPA informed the tribes that not signing the MOU will not stop or delay the NPL deferral decision coming before November 1st. EPA still has not made the decision to defer the Site from the NPL.
 BLM Carson City continues to process the mineral material free use permit and a request to purchase the contaminated land by the PRP (ARC). The Trustees and ARC are staffing NRDA Tolling Agreement for signature. BIA is the DOI signature authority.

- **Silver Peak Illegal MJ Grow Cleanup**

Law enforcement conducted a raid on an illegal marijuana grow located in the Silver Peak Range near Tonopah, NV. A removal action was completed the week of October 16th removing and disposing of marijuana plants, herbicides, pesticides, rodenticides, and solid waste left behind on public lands. Due to the site's remoteness, a helicopter was used to swing site workers and the waste out of the site to a staging area, where it was containerized and shipped to an appropriate disposal facility. These illegal grow sites cost BLM Nevada approximately \$65K per site to cleanup and two more sites may need to be cleaned up in FY18.

- **Wedekind AML Shaft Emergency Closure**

An open mine shaft along Pyramid Highway, just north of Queens Way in Sparks was reported. A site visit determined the shaft had been historically backfilled with trash. NDOM re-visited site on 9/6 to verify conditions. CX pending thru CCD with NDOM doing the backfill.

- **Three Kids Mine**

- OVS Appraisal report completed: appraisal is \$29,000,000
- Waiting on Lakemoor (developer) to start and Environmental Site Assessment -Phase II to define extent of contamination.
- SNDO is looking for \$75K to fund constructing the enclosure fence around the open pits and contamination.
- New U.S. Government signs were posted around the site to warn the public of trespass.

- **DKJ Enterprises SDR Appeal**

- No new updates this week.

West Wendover Land Sale

- The Phase I Environmental Site Assessment is completed. A path forward was developed by the Elko District Office and is working with the Air Force and the City of West Wendover to resolve the remaining issues in regards to the lands transfer. Air Force has responsibility to undertake restoration actions regarding the Records of Environmental Consideration.

Solid Minerals:

- Next meeting with SHPO on proposed Protocol amendment scheduled for 12/14

PLANNING / NEPA (David Pritchett, Carolyn Sherve-Bybee)

- WO Data Call on EIS limitations: responded that we have no examples of past EISs, of any age, that have met the Secretarial Order limitation as an EIS that would be both fewer than 150 pages *and* 12 months duration between date of NOI for public scoping and date of NOA for FEIS. WO so far not interested in examples of past EISs that met either the duration or pages limitations, but not both criteria.
- WO Data Call on ACECs: initiated response on the form to show that ACEC statuses remain the same as last year; due to WO on 15 December.
- WO Data Call on NEPA docs produced: received responses from field offices about total number of docs produced for EISs, EA, CXs, DNAs. Delivered tally to WO.
- Carson City District RMP: Collaborated with District on refining the PRMP/FEIS by shifting management outcomes of wilderness character units and adding details to ERMA designations.

GRAZING PERMIT RENEWAL TEAM (Jake Vialpando)

- We continue to put final touches to the Argenta/BMC RLHA and ER document. Currently, I am anticipating the internal distribution of preliminary document #2 by Dec 6 at the latest. I will be requesting only a 15 day review period. This review will be an internal BLM ONLY review of the document for a second and last time before it is prepared for a 30-day Public review. This review will include NV930 and BMDO staff only.
- Vice Guzman, Wildlife Biologist. Round 2 of vacancy announcements has begun. A second 120 day detail/temporary promotion announcement has been distributed widely across BLM boundaries. Round 1 was a failure, but I am optimistic that Round 2 will prove successful. As for

filling the position permanently, so far a whiff. No qualified candidates from Round 1. We are currently discussing what Step 2 towards filling this vacancy permanently will be. Stay tuned.

MITIGATION/HEALTHY LANDS (J.A. Vacca)

- Please remind Districts that the first round of due dates for responses to IM 2018-005 are coming up on December 11. From: NV930

SAGE-GROUSE PROGRAMS (BI-STATE AND GREATER) (Matt Magaletti)

- To date, the NVSO has received a total of 19 cooperating agency acceptance letters. Once the public scoping period ends on December 1, 2017, BLM Nevada will work on determining the level of NEPA needed to address the planning issues that will be identified in the plan amendment process and will then send out draft MOUs to all of the potential cooperators for review.

LCC PROGRAM (Rick Kearney)

- Nothing to report

SPECIAL LEGISLATION PROGRAM (Ron Mobley)

- The Forest Service continues to struggle with their SNPLMA funding. Their issues may result in the termination of projects and several projects ending up on the POC list as red.
- Received two WO requests for estimates related to future special legislation land sales and the amount of interest generated by the special accounts. One of the requests is for the President's FY2019 budget.

EXTERNAL Meetings Scheduled for Two Weeks Out (**Dec 11-Dec 17**):

- Thurs-Fri: Weekly Anaconda Calls

Other District/Division Topics:

All updated projects are **highlighted**.

Key Issues:

- **Frontier Communications ROW** - Frontier completed their ROW application on 10/05 for use of NDOT ROW (shoulder of Hwy 208 over Jack Wright Summit) for laying fiber optic cable. On 10/11, Frontier indicated that they would now like to pursue a new alignment, as they have now

determined use of Hwy 208 shoulder is not feasible -- they may want to use NV Energy ROW route or new alignment instead. We asked Frontier (mid-Oct) to submit a POD and shape files for their latest proposal, with a follow-up letter of 11/1. Their corporate offices are anxious to complete this project, but their engineering shop is not up to speed. Once they decide what they want, I expect political pressure to expedite.

- **Sun Valley Middle School R&PP** – NORA is published and comment period ends 11/27/17. FONSI/DR being routed to DSD for signature. Anticipate completion by 12/12/17.
- **Walker River State Park**- Staff is currently in the process of transferring grazing permits from National Fish and Wildlife Foundation to leasee of the base property now owned by Nevada State Parks. Currently waiting for NSP and NFWF to complete and submit the final paperwork.
- **ARC request to purchase Public Lands at Yerington Mine** - ARC submitted a request to purchase 2,000+ acres in and around Yerington Mine. Had an initial phone meeting with ARC and third party contractor on August 25th regarding process for a land sale (surface and sub-surface) at the Yerington Mine. Currently, ARC is gathering info that will be needed to refine their proposal and for the NEPA analysis. Also, discussed with ARC their funding of a term employee or a hosted contract worker to facilitate their multiple projects (land sale @ mine, off-site mineral materials sale, multiple phases of mine reclamation, Weed Heights road relocation, etc.) over the next several years. ARC has been requested to put together a desired timeline for their multiple efforts.
- **Draw FIRE** - The Draw Fire has received funding in the amount of \$656,500 for seed purchase and \$448,500 for labor and contracts for the first quarter ES funding. Staff has submitted a seed purchase order and is moving forward with fencing and cultural survey contracting. Staff is also working with NDOW to coordinate additional seed purchase and application.
- **Bravo 17 FIRE** - The Bravo 17 Fire has received funding in the amount of \$349,500 for seed purchase and \$322,500 for labor and contracts for the first quarter ES funding. Staff has submitted a seed purchase order and is moving forward with fencing and cultural survey contracting. Staff is also working with NDOW to coordinate additional seed purchase and application.
- **Tungsten Fire** - ESR plan approved, funding has not been allocated. The two grazing closure has been appealed by the permittee through the law offices of Budd-Falen. There will be a settlement discussion on 11/29/17 between the BLM, the solicitor and the permittee and the permittee lawyers.
- **Long Valley ESR 21 Day Plan** - The Long Valley Fire has received funding in the amount of \$837,500 in the first quarter. This ES funding is for ESR plan implementation of aerial seeding, fence repair and drill seeding.
- **Earthstone Fire** – The Earthstone Fire has received funding in the amount of \$161,500 in the first quarter. This ES funding is for ESR plan implementation of aerial seeding, fence repair and drill seeding.
- **Prater Fire** - The Prater Fire has received funding in the amount of \$457,500 in the first quarter. This ES funding is for ESR plan implementation of aerial seeding and road repair.
- **NAS Fallon Withdrawal**- Federal Register Notice published on September 2, 2016. Admin Draft EIS due 3rd Quarter FY17. The Navy has submitted their "amended" application legals and BLM

NV Cadastral has begun their review. Once the LSSR is done, the Navy will submit their "amended" application to the BLM which is due the first part of January. The BLM will have 30-days to publish the FRN (this is a regulatory requirement and non-discretionary action).

- **Land Management Evaluation**- CCD is submitting an application to withdrawal approximately 682,000 acres to maintain status quo of the lands between the Navy Withdrawal segregation and Congressional action. The Federal Register Notice package has been submitted to NVSO. Numerous requested maps have been prepared and sent up to WO. The project is on hold pending a determination from WO leadership if and/or when the project will move forward. One idea being considered/discussed is having the Navy prepare the BLM's LME EA. The idea is that the FRN would be revised and the EA would be made available for public comment at the same time as the required 90-day withdrawal comment period occurs. The DROP DEAD DATE for the FRN if this is the path chosen is March 16, 2018. After this time, the LME will not be completed prior to the segregation expiring on September 1, 2018.
- **CCDO RMP**- The PRMP FR NOA has been submitted to WO for review and surnaming. A WO staff pre-brief was conducted on October 11th. CCD received direction from the SD and is moving forward with revising the PRMP. Once funding is in place the RMP contractor will begin the 8-week revision process.
- **Reclamation Revocation**- The Bureau of Reclamation submitted a letter to BLM relinquishing 275,000 acres back to the BLM. CCD is coordinating with the Humboldt River FO, Reclamation and the Navy. Revocation lands are in Washoe, Lyon, Churchill and Storey Counties. BOR is developing an Inter-Agency Agreement that will outline tasks and responsibilities for both BOR and BLM. The agreement will also include language for cost recovery. BOR has funding planned for FY18. The project is on hold.
- **Pine Nut Mountains Wild Horses** - NSO and SOL have completed review of HMAP. Alan Shepherd WO completed his review and comments. The plan was completed and the decision was signed.
- **Dixie Meadows Geothermal Plant EA (Ormat)**- The Stillwater Field Office will coordinate an effort to develop a biological and hydrological monitoring plan to address the concerns over the impact to the Dixie Valley toad and related riparian habitat. Acceptance of this plan will be critical to EA evaluation and analysis. Ormat is contractor a hydrologist to move this forward.
- **Pilot Table Allotment Renewal** - Data for the primary field data collection phase of the permit renewal has been completed. The seasonal range tech will continue spring inventory, range improvement assessment, and utilization this fall/winter for additional EA data. Sylvester has started the allotment evaluation and will begin drafting the permit renewal EA in November.
- **Pilot Table Allotment Outcome Based Grazing Application** – Proposal was submitted to the NSO.
- **Edwards/Porter Complex Grazing Permits Renewal** – Draft EA is currently under SFO staff review and includes analysis of PHMA, GHMA, and OHMA within allotments. Consultation with NDOW, USFWS and NSO in progress.
- **Winnemucca Ranch Outcome Based Grazing Proposal** – The proposal was submitted on October 27.

- **Edwards/Porter Complex Outcome Based Grazing Application** – Proposal has been forwarded to the WO by the NSO for further consideration.
- **Wassuk Complex Grazing Permits Renewal** - Data collection will be completed spring 2018 to revise older monitoring data to new standards, then Standards and Determination documents will be prepared and development of the EA will follow. Allotments are within Bi-State SG Habitat so coordination will need to occur with NDOW. Looking at late 2018 or 2019 for completion.
- **Roman Catholic Bishop of Reno Appeal**: District and SOL have reviewed draft settlement agreement and are working with OVS and appellant to revise some language. District comments are complete and have been provided to SOL. Extension to file answer with IBLA has been extended through end of calendar year.
- **Spanish Springs Airport Lease Renewal** - Spanish Springs Pilots Association (SSPA) did not renew their lease. SFFO sent notice of reclamation requirements and intent to close lease on 9/19/2017. Airstrip was marked as closed on weekend of October 28-9, 2017. Spanish Springs Pilots Assn has until EOY for completing airport reclamation. Had a 10/26 meeting with a group of current pilots who are considering creating new organization and then applying for the lease, which could negate the need for airport closure & reclamation -- they will make decision by end of Nov. No application received as of November 14.
- **Dodge Trust** - NSO completing patent. District work is complete.
- **Anaconda Mine Site Free Use Permit** NDEP has submitted free use permit application for 20,000,000 bank cubic yards of material to be used for remediation at the Anaconda Mine Site. Exploration authorization issued 10/23 and exploration is currently ongoing. BLM NSO and District need to determine next steps regarding Free Use opinion from SOL.
- **EGP Salt Wells Solar LLC**- Subsidiary of Enel proposing co-producing solar at existing geothermal plant in Salt Wells. SF299 application received 3/6 for 150 acre site and 19 MW. Draft EA received by Stillwater FO.
- **Chukar Mine Spill and Occupancy Trespass**- Contractor began cleanup of occupancy trespass site on 11/13/17 and anticipates completion by 11/22/17.
- **Tungsten Geothermal** - Ormat has submitted a POD to develop a 20 MW solar plant adjacent to the existing Tungsten Geothermal Plant. COR agreement and payment in the mail.
- **Isabella Pearl** - Plan of Operations was accepted and EA initiated. Draft EA review still pending receipt from proponent.
- **Dennis Kordonoway** - Dennis Kordonoway, former SRP holder and former owner of VORRA, has contacted SFFO about obtaining a permit for an event in Yerington area. There were significant issues when this individual held a permit including resource damage from non-compliance and threatening behavior towards staff members. SFFO is informing the proponent they will not work with him. It is possible he should still submit an application. No further contact has been had.
- **Bentley SNPLMA Acquisition** – Request for one year extension sent to SNPLMA lead. Realty services contract is in place. IDT is doing site visits and evaluating parcels to acquire. IDT fieldwork delayed slightly due to ESR work, but will be complete by end of November.

- **Storey County Conveyance** - Request for legislative intent/clarification sent to SD in March 2016. Timeline will be developed once we receive clarification on legislative intent from the WO-620.
- **Fernley Conveyance** - BLM met with Fernley representatives on May 18th, 2017 to discuss a potential (commercial) land sale proposal. City anticipates request to initiate disposal of several parcels in approx. 6-9 months.
- **Rawhide Mine POO** - Plan of operations under review and baseline studies near completion. Rock characterization to be reviewed by NDEP
- **Teels Marsh Lithium** - Plan of Operations and Notice of Intent received, developing plan forward.
- **Frontier Observatory for Research in Geothermal Energy** - Deep Drilling research to accelerate breakthroughs in enhanced geothermal systems. EA initiated. Project location is SE of the Fallon Naval Air Station.
- **Sand Mountain Campground EA** - A draft EA is being prepared to conduct maintenance work in the Sand Mountain Recreation Area camping area. Work will include the use of heavy equipment to level and clean up sections of the camp area, provide maintenance on the gravel road and level a new area for a helipad.
